Abstract

Persepolis is a reflection of the highest art spirit and a symbol of Iranian national culture. Conceptually, it is manifested in the reliefs and drawings of the building. By descriptive and analytical methods and concerning the documentary method and reputable sites (articles), we aimed to identify the symbol of Persepolis and design the symbols and pictorial and graphic capabilities hidden in them. The results of this research are useful for the historical attractions and can be introduced as suitable references for the preservation and development of the national culture of any society.

Keywords: Symbol, Persepolis, Preservation, and Development of Iranian National Culture.
